

Chairman's Message

By Kathy Dannecker

Thanks to everyone who contributed their time and talent to make airport day a success! SLO 99s not only led tower tours this year, but also ran children's games and activities that taught kids about airplanes and flying – in a fun way! Our members also had aircraft on static display.

As we head into November and start looking forward to holiday festivities, it's also time to start thinking about some of SLO 99s favorite traditions for this time of year.

December is a busy month for everyone, but you'll want to set time aside to bake some cookies and deliver them to the tower and to other friends around the airport.

We'll also be making plans for our annual holiday feast and gift exchange, filled with plenty of hangar talk and a chance to catch up with members who aren't always able to attend the meetings.

These are both fun, social events, so be sure to work them into your schedule! Dates will be announced after the November meeting.

In the meantime, while the drought persists, there is one silver lining. It has meant a lot of great flying weather! Hopefully, the rain will start soon, so don't waste time! Go fly!

Minutes of General Meeting

By Grace Crittenden

We had a brief meeting [Oct 1, 2014] before heading over to the tower for a tour.

Kathy Dannecker explained the plans for the October 18 Airport Day activities. She demonstrated some creative games for the kids to introduce terminology. There will be candies for prizes. We ordered a banner to mark the booth "Kid Zone".

Dates and Schedules	2
Recipe: Black Devil's Food Cup Cakes	2

One of the kid's activities at the Oct 18 airport day. More photos in the next edition. Activity & photo by Kathy.

One of the games will be "Talk like a Pilot" and there will be chalk to draw on the tarmac or to spell out their names using the phonetic alphabet. There will be a scavenger hunt and free cotton candy to top it all off.

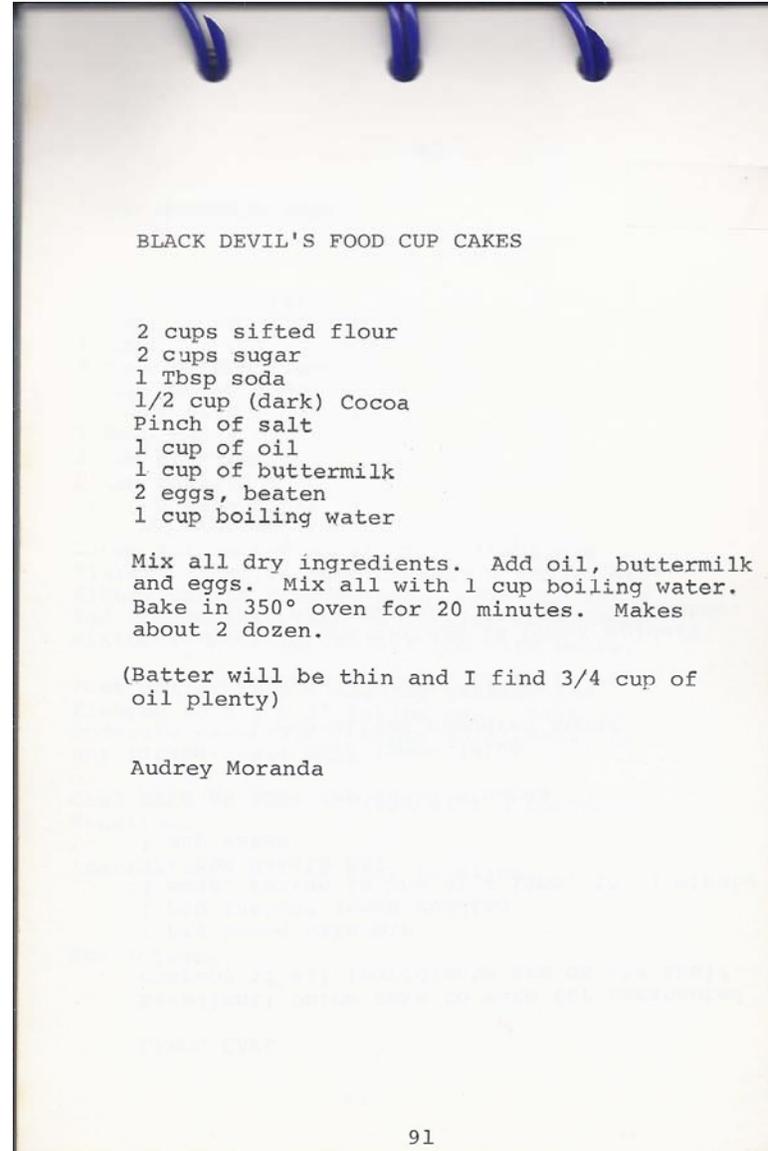

For the adults, we will be doing the very popular tower tours. To finish the meeting we all went over to the tower for our own tour. It was a beautiful evening to be up in the cab.

The next edition of Slipstream will feature more photos from this year's SLO airport day.

Dates and Schedules

Comments, corrections, and suggestions are welcome. Fly-outs: dates are flexible and we will confirm plans and set times at the chapter meeting before the scheduled fly-out. Seats will be available for non-pilots, students, and pilots without wings. We want every seat to be filled, so let us know if you want to come along.

Nov 5	Chapter Meeting at the <i>Spirit of San Luis</i> restaurant at 5:30 pm
